English letters using their own system. To have a good pronunciation of the Hangul consonants and vowels, it's best to use the associations below as a guide and learn how each letter is correctly pronounced. Get Korean Alphabet Free PDF Lesson Korean Alphabet A to Z The Korean alphabet a to z also known as Hangul is a very scientific alphabet. If you're learning Korean, or want to know the correct pronunciation, then you should use the associations later in this lesson and learn the correct pronunciation of the Korean alphabet consonants. Get Korean Alphabet Free PDF Lesson Korean Vowels Chart The second Korean alphabet chart is the Korean vowels chart. Commit these vowels to memory and let's keep the momentum going! Remember how we added an extra line to some of the consonants to change the sound and make it aspirated? However, the Q, W, X and Y sounds must follow one of these two rules: a) They only can be made by combining two or more sounds (ie., X = K+ S) For example: The X sound can be made by combining the K and S sounds (X = K + S). Hangul is called (joseongeul) in North Korea. Romanized, it is written as oneul. Japanese and Korean share some grammar structures, while some Korean words have Chinese roots. # The first part of this Hangeul vowel combination can be seen as the character ㅑ ("ya" sound) with the character ㅣ ("ee" sound in tree) written after it. Korean syllable blocks can contain 2, 3, or 4 Korean letters. Korean is the official language of South Korea, and it uses Hangul as its alphabet and writing system. Therefore, we need to "link" the characters to something already in our minds in order to create an association. Namely, it uses associations and stories to help everything stick in your brain so you can't forget it. How would you pronounce the following? Another tip on practising writing Korean letters- try to pronounce the letters out loud when you are writing. This Hangul vowel combination has a sound that is the same as the beginning of "wedding". Put them together, and you've got the term "Korean letter", or "Korean Alphabet". "D". Let's check. The twin consonant is basically the same as the single consonant, except it's said with emphasis. How about D? Finally, if you aspirated a J, it would result in a "ch" sound. In doing so, we can find the closest equivalents in the Korean alphabet so that we can start to make associations to learn the Hangul letters. But remember that is silent when it does! Let's try reading some more difficult words and we can practice this rule. The northern version of the language tends to use more Chinese loan words, where the southern version has more English loan words. Korean symbols Sometimes the Korean alphabet letters may be referred to as symbols. The spelling of the vowels is consistent and doesn't change. How to Learn the Korean Alphabet This Korean alphabet lesson makes use of psychological techniques to help make learning Hangul fun and easy. If you know how to write pi, then you're good to go with this letter of the Korean alphabet! # So there we have it. We've also got a Korean alphabet chart below that has audio samples. "G". Without it, we would be tempted just to skip over the consonant, assuming it had no sound. This means "you." Now, for the third one, we just read left to right for the first syllable, then top to bottom for the second syllable. How to Write in Korean Now that you know how to read Korean, let's talk about how to write in Korean. ㅁ The ㅁ is like two seashells next to each other. One of the consonants is special because it doesn't have a direct equivalent to an English letter. Get Korean Alphabet Free PDF Lesson The Korean Vowels In Korean, there are ten basic Hangul vowels that you need to learn. This will help to start to create associations with Hangul characters. In Korean, there are no F, R, V, or Z sounds, so let's take them out. ㅅ The Korean consonant ㅅ has the appearance of a gun and sounds similar to an English G. Good work! Now, all we need to do is line up the Hangul vowel letters with the corresponding sounds. It depends on the situation. Often in the process of learning the language, you'll learn about the culture, and vice versa. For example, many people may hear about Korean dramas or movies and watch a few they like.
